Branch Change Rules

Students are eligible to apply for a change of branch/Programme after completing **the first semester and before the start of the second semester**. All branch transfers can be effected only once at the beginning of the second semester. No application for change of branch during the subsequent academic years will be entertained.

1. The Eligibility Criteria for applying for a change of branch / Programme are:
 - a. completion of the prescribed course credits in the first semester
 - b. no backlog at the end of the first semester
2. a. Before beginning the allocation, **additional seats are made available in each branch, limited to a maximum of 20% of its sanctioned strength.**
b. While students are allotted seats of general and reserved type during admission, this data is not used during branch change. **Each available seat may be occupied by students of any category.**
3. An eligible student's request for a shift from branch A to branch B will be considered valid if the following criteria are satisfied.
 - a. there is a seat available in Branch B
 - b. The strength in branch A, from which a change is being sought, **does not fall below its sanctioned strength by more than 20%.**

Procedure:

Among all valid requests, a student with the highest CPI is chosen and change of branch / programme is performed. The process is continued till the seats are filled or all valid applications are considered. **In case of a tie, the person with higher JEE (Advanced) rank will be given the allotment.**

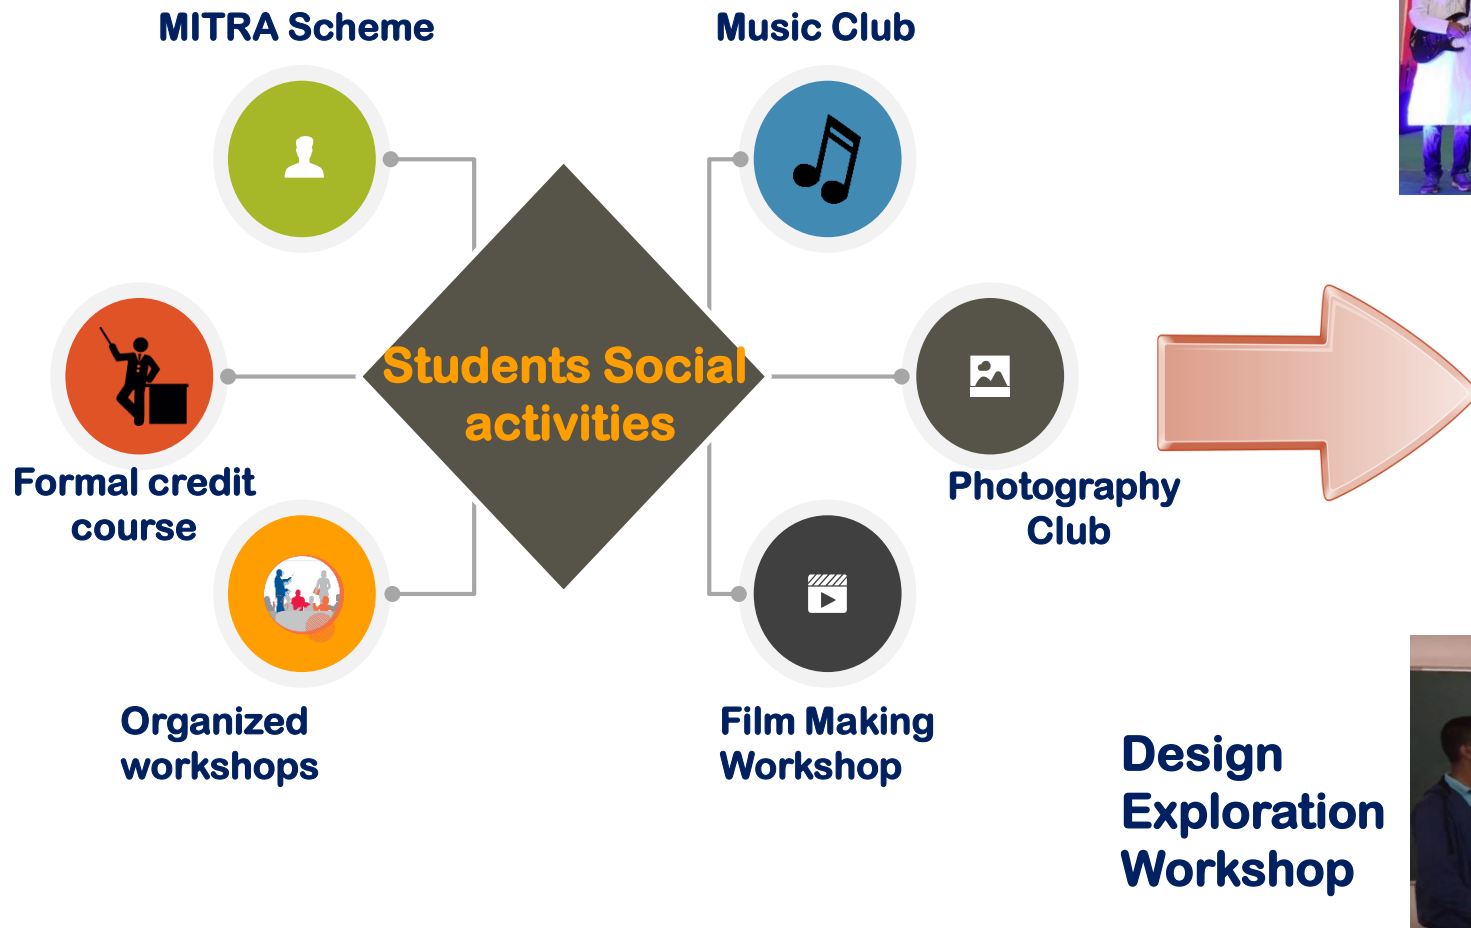

Attendance Policy

- Attendance in the class is compulsory and is monitored.
- **The Institute expects 100% attendance.** However, due to ill-health or other emergency situations, absence up to **20% is considered on a case-to-case basis** on production of documentary proof.
- A student not having **80% attendance is debarred from appearing in the end-semester examination** and given a **“DX”** grade. Students with DX grade in core course(s) are required to re-register for the same course in subsequent semesters / summer terms. The attendance requirement is applicable to summer courses too.

Minor Degree Programs

- The students of any branch can opt for Minor Degree Programs. Currently there are 4 Minor Degree Programs. Students have to earn extra 30 credits apart from the credit requirements of B.Tech/BS-MS program as applicable to their branch. These credits can be earned during the tenure of their UG program in regular semesters starting from 4th semester.
 1. Minors in Data Science and Artificial Intelligence (DSAI)
 2. Minors in Computer Science and Engineering
 3. Minors in Smart Systems
 4. Minors in Energy Environment
